PRESS RELEASE

AACSB Extended ESCP Europe International Accreditation

On June 2018, the AACSB (Association to Advance Collegiate Schools of Business) extended ESCP Europe's accreditation for five more years. ESCP Europe was first accredited in 2003. The AACSB assesses the academic quality of a school and of its programmes, faculty and courses. AACSB accreditation is the guarantee that the business school meets the same very high quality standards demanded of top American business schools. Less than 5 percent of business schools worldwide have earned this distinction. Today, 817 business schools in 53 countries and territories hold AACSB accreditation.

The AACSB accreditation is the pinnacle of the triple accreditation composed of the AACSB, EQUIS (European Quality Improvement System) and AMBA (Association of Master of Business Administration), awarded only to a select group of 86 business schools around the world.

Dean Frank Bournois says *"I am pleased that, following the rigorous and comprehensive peer review, ESCP Europe has once again maintained its accreditation. I am proud of the teams for this exemplary collective achievement. I would like to thank the students, faculty and staff who actively participated in it. At the term of our bicentenary, we are committed to ensuring excellence, high quality management education and programmes responsive to the needs of businesses."*

ESCP Europe's next AACSB accreditation review is scheduled for 2022.
