Co-Director
Sustainability Department
ESCP Paris Campus

Master in International Sustainability Management (MSc)

This master programme is the right choice if you want to...

- Become an expert in sustainability management and make saving the planet your day job
- Gain a holistic understanding of environmental issues and climate change on a sound science basis
- Understand how natural systems are interconnected with the economy
- Believe that businesses have an important role to play in mitigating the effects of climate change
- Observe sustainability through the lens of business, policy, culture, etc.
- Push global rethinking on sustainable management and business models
- Meet experts, company representatives and peers who share your passion
- Enhance your profile with personal skills for systematic career development in sustainability
- Use a business degree to complement your science background
- Add value to your CV by leveraging the highly ranked ESCP Business School

This full-time programme

Will teach you what you need to know to build a rewarding career in sustainability:

- Modules on company-specific questions such as sustainable supply chains, finance, CSR reporting, and the development of a sustainability culture
- Economics-based analysis of environmental policy
- Introduction to Ecosystems Science and Climatology
- Practical skills through consultancy projects and an internship
- Specialisations through sustainability electives
- Some general management electives
- Corporate network involvement in consultancy projects, seminars, and career days

Strong international dimension

- Two-year full-time master programme in Berlin and Paris
- Taught in English with additional foreign language classes (different levels)
- Complete your internship or write your master thesis anywhere in the world
- A global faculty and international class mix

“

I was looking for the expertise in what I am most passionate about, to be more aware of the challenges our generation is currently facing.

Mélanie Keita
Alumna

Excellence in teaching and research

Benefit from ESCP's scientific expertise in the field of sustainability

- Research (e.g. Center for Responsible Management Education, founded by the Academic Director Oliver Laasch; ESCP STAR Centre for Sustainability Transformation & Applied Research)
- Teaching: ESCP has more than 20 years of experience in integrating sustainability in business programmes

Key facts

- ⊕ **Degree:** Master of Science (MSc)
- ⊕ **Credit points:** 120 ECTS
- ⊕ **Study Locations:** Berlin and Paris, plus a regional study trip
- ⊕ **Language:** English
- ⊕ **Duration:** 24 months
- ⊕ **Start:** September 2026

Practical tools and methods for a career **that will make a difference**

In your classes, you will...

- Understand how sustainability matters for companies and learn to integrate it in all functions
- Learn how to assess and reduce environmental impacts
- Work on real-life consulting projects with major companies
- Meet people who are already working on sustainability issues for corporations and non-governmental organisations

Career opportunities

Be the conscience of your company!
Rethink traditional structures and...

- Work in "green" companies in various sectors (e.g. renewable energy, technology, food, clothing, cosmetics), in NGOs, or certification agencies, or in government & policy
- Start your career as a Sustainability & CSR Director, Logistics & Production, Manager, Resource Efficiency Analyst, Strategic Planner, Marketing Manager, Controller & Accountant or Consultant
- Or create your own sustainable start-up
- Benefit from individual sessions with ESCP career advisors to define your future role

Admission requirements

- A Bachelor degree with a **minimum of 180 ECTS**
- A university background preferably in management, economics, social or natural science, or engineering (students from a non-business/economics background will participate in a CatchUp week prior to the start of the programme)
- Fluency in English: TOEFL, TOEIC, IELTS scores English test during admission test
- 0-2 years of full-time, postgraduate work experience

2026 fees

For those entering in September 2026, the fees for the two-year programme are as follows:

- Tuition fees: € 16,650 € per year
- Service fee: € 1,650 per year

*Fees may be subject to change. Please check our website for possible updates.
