About

1x per year

2 days

ESCP Berlin Campus

€1,400

Creating successful collaborations between corporations, startups, and entrepreneurial teams involves navigating several leadership challenges, but can also yield significant rewards.

Peter Borchers
Angel investor, keynote speaker,
author

CORPORATE VENTURE BUILDING

Venture Capital experts Peter Borchers and Patric Hoffmann share their insights, experiences and strategies to stimulate innovation where the classic management approach has become insufficient.

You can expect to:

- Understand Corporate Innovation and the principles of ambidextrous organisations
- Discover new corporate innovation approaches - from VC to start-up partnering, venture studios, incubators, accelerators, outposts & co.
- Learn how to build corporate ventures and make the process measurable
