

Women in Leadership

Join aspiring and experienced female leaders on an empowering journey to develop your authentic leadership style, and improve your executive presence in our 4-day training and coaching.

This programme can also be customised to your company's specific needs. [Learn more](#)

Who should apply

- Female leaders
- Female talents preparing for a leadership position

About

1x per year

4 days

ESCP
Berlin Campus

€3,950

This programme was a life changer, especially when it comes to the executive presence and negotiation modules. Brainstorming, exchanging ideas, and discussing with experts in a spirit of kindness and empathy, helped me understand and overcome challenges that I had been struggling with for months.

Justine Tabarin

Director Global Environmental Sustainability, Criteo

Women in Leadership

Developed by women, for women, successful coaches and experienced teachers under the guidance of Prof. Dr. Marion Festing will support you in unleashing your full potential and ambition.

You can expect to

- Hone your own, authentic leadership style through interactive sessions
- Improve your leadership presence with video feedback and improvisation techniques
- Learn how to influence and negotiate business situations in a safe space
- Enhance your network and build lasting relationships during the programme and at a special community event
- Benefit from the advice from top executive coaches and your peers during a full day of coaching
